

Check your MISQ manuscript for missing references

Upload your .docx, .pdf or .tex file. We'll scan your draft and suggest citations, so you are ready to join the conversation in MISQ.

An Empirical Study of Technology Transfer Across ...
Sen and Larsen, MISQ, 2011

Technology transfer and the dot.com boom
Sen and Larsen, MISQ, 1999

Technology transfer and the dot.com boom
Sen and Larsen, MISQ, 1999

Notes:

- This shows Boolean selection over paragraphs which mention tech transfer OR regulation
- The same query selects paragraphs in THEIR paper and MISQ for fast comparison
- Much more complex OLAP queries are possible. Advanced filters would support that.
- Need advice from Roland for that
- Focus on their paper on left. That is how they think about their work
- Show their paper. They might not remember contents
- How to we rank on right hand side?
- Rank by number of cites vs. other metric seems to be explore/exploit tradeoff
- What do we get from citation network analysis, using this UI?
- Advanced filters w/ OLAP could have custom UI
- We should think about this as a query language over paragraphs?
